

Half-Square Triangle Cheat Sheet for Quilt Patterns

Find the size of triangle paper you need for any quilt pattern!

The cut sizes below refer to half-square triangles made with the traditional method, where two fabric squares produce two half-square triangle units.

If your quilt pattern does not specify the finished size of the half-square triangle units needed, refer to the Cut Size to see what size of Triangle Paper you will need.

The triangle papers listed refer to the Triangles on a Roll by It's Sew Emma®.

Cut Size	Unfinished Size	Finished Size	Triangle Paper Needed
			
1 7/8"	1 1/2"	1"	H100 - 1" Finished Triangle Paper
